

We offer two different heights of our Full size Murphy bed cabinets. Bed height, which is the same height 88 inches and depth 19.5 inches.

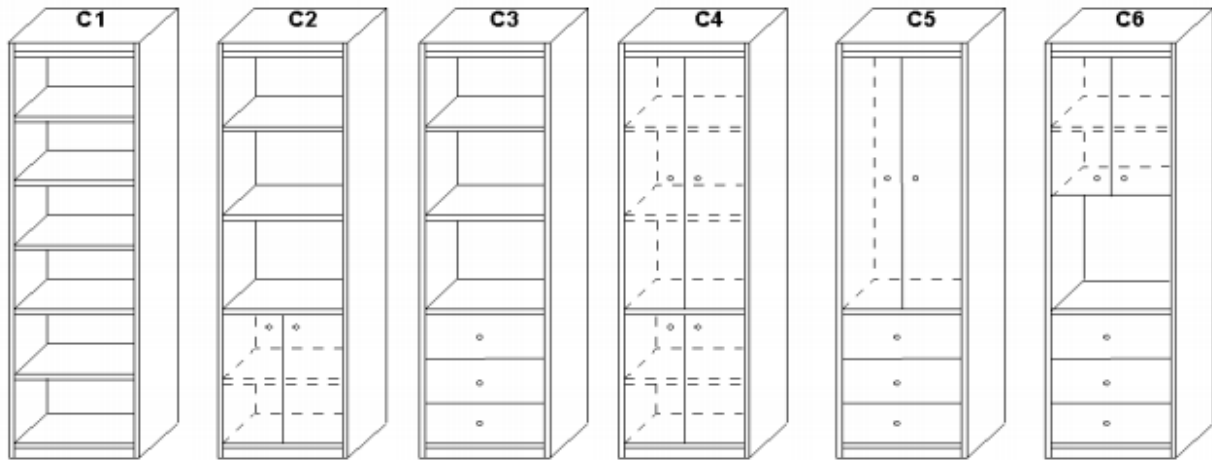

Staggered cabinet width is 83 inches tall and 16 inches deep.

Standard cabinet width is 24 inches and 30 inches wide.

Your cabinet can be built with any width, depth or height that you desire.

The Cabinet style you choose for your stand-alone furniture, whether in your bedroom, kitchen, study or any room in your home or business is defined by your cabinet doors and drawer fronts. They go along with your trim and crown molding, defining the style of any piece.

We offer several different options - Traditional Raised Panel, Framed Flat Panel and Plain Panel are most commonly used. Our standard full size cabinets can be ordered individually with 7 different styles to choose from. The standard size of our Full size cabinets is the same height as our Murphy Beds 24" wide and 19.5" depth. All of our products are custom fit to your order these dimensions can be changed.
